TO FEED BELGIANS

COMMERCIAL CLUB PROPOSES RELIEF FOR WAR STRICKEN.

SEND HOME PRODUCTS

Innocent Victim in Conflict to Receive Offering of County Towns—Take Up Matter Tonight.

Bleeding Belgium, the stamping ground of the warring nations of Europe, is to receive the material blessing of Nodaway county, if plans to be broached at tonight's meeting of the Commercial club carry aright. It is proposed to forward to the hungry and needy of that tiny nation at least one car load of Nodaway county flour and as much other food supply as can be secured over the county.

The Commercial club of Maryville intends to send at least one car of flour, ground by a mill at Hopkins from Nodaway county wheat, and may be a half car of other food products from the farm and store. Other towns over the county will be appealed to for contributions, and individual offerings of any kind whatever received. Cash will be accepted readily, but before being sent away will be converted into home products.

Would Be First County.

If the other civic clubs of this county take up the matter as it is believed they will, then Nodaway county will enjoy the distinction of being the first one in this country to come to the aid of the needy Belgians. Many of the larger cities, to be sure, have taken up the cause and are contributing most loyally, but no counties have entered into the movement.

Paul Sisson, chairman of the special committee to see to the relief work provided for at a meeting of the Commercial club directorate Monday night, says the movement is meeting with the approval of the business men in general, and hopes are entertained for some creditable contributions from them.

Previously Gave $213.

Each contribution which comes into the central committee here from any place in Nodaway county will be credited and the amounts from the various towns kept separate to determine which contributes the most to the cause.

Maryville previously gave $213.25 to the poor and needy of Europe through the First Presbyterian church here, in a fund for the Christmas ship which sailed from Brooklyn Tuesday.

Malcolm and Mrs. E. B. Smart in serving. The guests included the members of the club of which Mr. Gooden is a member, and were C. C. Baker, George Ousley, A. A. Williams, James Palmer, W. M. TO FINISH BRIDGE SURVEY

County Engineers Prepare to Build Nodaway River Structure.

John H. Clary, county highway engineer, went this morning to Hughes township to confer with the highway engineers of Andrew and Holt counties relative to completing the survey for the tri-county bridge to span the Nodaway river at the junction of the three counties. Work on the bridge is expected to begin about December 1. It was ordered built by the county courts of the three counties last August.

The expense of building the structure, which will amount to approximately $3,000, will be borne equally by the three counties. It will be of steel with wood floor. It will consist of a 108-foot span with an 18-foot approach on the west side.

It will be the only bridge, when completed, across the Nodaway river between the one directly west of Graham and the Fillmore bridge, twelve miles farther south. It was ordered built after a survey for a new public road was authorized along the south line of Nodaway county.

Big Stunt Tomorrow.

The big stunt of the Normal will be tomorrow afternoon and night, when a reception followed by a banquet will be held in parlor A of the Hotel Robidoux. Walter Hanson, coach, has been there two days arranging for the affair, while the remainder of the decorating committee, consisting of Miss Beatrix Winn and R. A. Kinnaird, left yesterday afternoon to complete plans for the Normal affair.

In this way it is believed the state school can be well advertised and teachers gotten acquainted with the value of the local school. About 200 are expected to attend the banquet tomorrow night. They will consist principally of the Normal faculty, alumni, students and friends.

The Normal will be dismissed early this afternoon to give any teacher or student ample time to prepare to leave for St. Joseph on the afternoon Burlington train.

To Attend Campbell Funeral.

Mr. and Mrs. James B. Robinson and Mrs. Fred P. Robinson will go to St. Joseph tomorrow to attend the funeral services of Dr. O. B. Campbell, who died yesterday morning. Dr. Campbell is one of the most widely known surgeons of the Missouri valley.

Mrs. Fred Robinson will sing a solo at the services, which are to be held at the Campbell home, 2001 Faraon street, at 10:30 o'clock tomorrow morning.

KIDS GET A REST

CLOSE THE NORMAL AND PUBLIC SCHOOLS OF NODAWAY.

10 ON PROGRAM TODAY

Many County Instructors to Address State Gathering at St. Joseph—Will Try for State Trophy.

Every public grade and high school in Nodaway county were closed yesterday afternoon, and the State Normal will close today to remain that way until Monday morning, while the teachers and some of the students attend the annual state teachers' meeting at St. Joseph the last three days of this week. The transcension of tutors which began yesterday afternoon probably reached the climax this morning, when nearly three coaches were required to accommodate the teachers on Burlington train No. 5 this morning.

Many will go to St. Joseph this afternoon, too, especially those who teach in the rural schools and could not conveniently leave this morning. Every station in this county gave up its quota of instructors this morning, the railroad officials said, but Maryville furnished the largest aggregation by far.

Expect 250 from Here.

It is expected fully 200 of the public school teachers of this county, and at least fifty from the Normal will attend the state meet. With this fine showing, W. M. Oakerson, county school superintendent, expects to be able to return Saturday with the state trophy, given to the county having the largest percentage of members. The cup is much coveted and each county strives each year to win it.

The one offered this year is a silver loving cup with a mahogany base and floral decoration. St. Charles county won last year.

Ten of the speakers on today's program at St. Joseph are from Nodaway county, they being either teachers or persons in charge of teaching at the Normal or in the public schools. Tomorrow's program also will be made up in part with local talent, Prof. Ira Richardson, president of the Normal, being the principal speaker.

MISS KINZEL HERE.

Singer to Give Program at First Methodist Church Tomorrow.

odist church, arrived in the city at noon today from Kansas City. Miss Kinzel is one of the most famous artists of the middle west. She has toured with the Boston Symphony orchestra, and at present is soloist in the West Park Presbyterian church of New York, obtaining her position over fifty applicants. Last week she appeared in St. Joseph, her girlhood home town, and received a brilliant ovation from the people of that city.

The concert is given under the auspices of the Order of the Eastern Star.

ATTEND BANKERS' MEETING.

Several Nodaway County Members Went to St. Joseph Gathering.

Several Nodaway county bankers attended the annual meeting of group 3 of the Missouri Bankers' association in St. Joseph yesterday. H. W. Montgomery, cashier of the Farmers bank at Skidmore, was chairman of the northwest Missouri group. Among those in attendance yesterday from this county were J. G. Skidmore, Guilford; Howard Wray, Pickering; H. W. Montgomery, Skidmore; A. F. Mutti, Hopkins; Carl Wray, Guilford; Earl Campbell, Guilford; Robert Montgomery, Oregon.

COMMERCIAL CLUB STARTS "GET-TOGETHER" MEETS.

TALKS, FOOD AND MUSIC

Social Session Will Be Enhanced With Addresses by Omaha Man and Normal President.

For the first time in several months—in fact, since last spring—members of the Maryville Commercial club and others interested particularly in the welfare and upbuilding of the city and community will gather at the Elks club tonight to feast, listen to music and hear addresses pertaining to town building. The principal speaker will be J. L. McCague of Omaha, chairman of the executive committee of the Omaha Commercial club.

Mr. McCague is considered one of the most able workers that city has in the boosting of Omaha, and likewise is recognized as one of the Omaha club's leading factors. As chairman of the executive committee, most of the work done by that organization is acted upon by Mr. McCague before passage. He is president of the McCague Investment company at Omaha. Mr. McCague arrived here at 11 o'clock this morning.

Looks Over City.

He spent most of the afternoon looking over the city and the Normal school in company with W. R. Jackson, Commercial club secretary. Mr. McCague will speak tonight on the general business conditions of the country, and of this locality especially.

Prof. Ira Richardson, president of the Normal school, also will speak tonight. He will return this evening from St. Joseph, where he has been arranging for the Normal "stunts" to be put on at the state teachers' meeting, and leave tomorrow morning for St. Joseph, where he is to speak tomorrow. President Richardson will speak principally on the relation of the state institution to the city, and how the two can co-operate to the advantage of both.

Several other short talks may be made by the Commercial club diners. One of the features at tonight's gathering will be the serving of strictly Maryville products at the banquet. It will be a five-course dinner, interspersed with music by Maulding's orchestra and the quartet of the Conservatory of Music. The speaking will follow.

Plans for Commercial club activities for the winter also may be made tonight, or at least discussed.

"DON'T LIE TO YOUR WIFE."

Laugh Inspiring Musical Farce Here November 1.

If Campbell B. Casad, the author of "Don't Lie to Your Wife," which will be seen at the Empire theater, hadn't been arrested for speeding his automobile, that merry semi-musical farce would never have been written. Like all newspaper men when cornered in some complication, he has made the most of the opportunity as rapidly as the complications of a humorous nature occurred to him. The author, while waiting for a bondsman, jotted them down, weaving them ultimately into one of the best farces that has been offered to the theater going public in a long time.

Many Market Stock.

The following Nodaway county stock raisers and farmers marketed live stock in the St. Joseph market yesterday: C. F. Warhime, T. I. Goslee, T. Stephens, G. W. Collins, C. Pfieffer, L. A. Stelter, J. W. Milbank, E. Boyer, C. B. Hornkuckle, R. I. Bilby, Roscoe & Eaton, Joe Holker, G. H. Swaney, T. L. McClurg, M. B. Sherlock, W. B. Porter, Shelly & Lowrey, McClurg & Co., J. Stundon, J. B. Nunnelley, W. H. Ramey, J. L. Breedlove, W. W. Davidson, E. Ogden, Early & Co. and Parker & Co.

Clyde Teachers to St. Joseph.

Misses Mabel and Nina Merrigan of Clyde were in Maryville this morning en route to St. Joseph to attend the State Teachers' association.

INTO DITCH; CAR DAMAGED.

Auto Backed Off Road, Turns Over, Pinning Occupant Beneath.

Paul Denny, a son of Mrs. Martha T. Denny, was pinned beneath the machine, but only slightly bruised, when an automobile owned by George W. Stafford turned over when it went into a ditch near the Normal school grounds last night. The car was damaged. It was being driven by Ervil Stafford, a son of George Stafford, at the time of the accident.

The two young men and two young women had been out riding. As Stafford started to turn the machine, it is said, it went into the ditch by the roadside. The car is being removed today.

WOMAN TO OFFICE

MRS. S. G. SELECMAN HOLDS FIRST CITY POSITION.

QUESTIONED LEGALITY

Attorneys, However, Say Wife Can Succeed Husband as Tax Collector. —Office to Open Monday.

Mrs. S. G. Selecman has been appointed by Mayor U. S. Wright as city collector until next April, to succeed her husband, who died yesterday morning. The appointment was made and the papers signed late yesterday afternoon. She will resume her duties next Monday, although not directly. Instead, a son, Harold Selecman, who has really been city collector since his father's election last April, will continue in that capacity.

A bond of $20,000 required of a city collector will be furnished within the next day or two, Mrs. Selecman said. It will be furnished by local banks, as was her husband's.

The office of city collector, which has been closed since Tuesday afternoon on account of the death of Mr. Selecman, will not be open any more this week. Harold Selecman, however, will resume the duties Monday morning.

The appointment of Mrs. Selecman was withheld for some time by the mayor, until it could be determined if she could legally succeed her husband to that position. According to local attorneys she can, by giving the required bond.

This will save the expense and trouble of a special election, just to fill that one vacancy. So far as is known Mrs. Selecman will be the first woman to hold a city offfice in Maryville, although she will not at any time be able to direct the duties of that office.

Mr. Selecman, who was elected to the office last spring, neither had ever been able to assume the duties thereof on account of illness.

NORMAL PLANS WEEK VACATION.

State Students Will Have Week's Vacation November 23 to 30.

The State Normal school will be closed from November 23 to November 30, according to announcement made this week by President Ira Richardson. This will permit students to spend Thanksgiving and an additional week at home or visiting, while the faculty members will go over the Normal district visiting public schools.

This is an annual provision, and is calculated to bring the Normal into closer touch with the teachers and students of the district and to bring about an extension of the Normal's extension, correspondence and reading circle work, which is being emphasized just now rather strongly by the state schools.

The Maryville Normal district includes nineteen counties of northwest Missouri. The faculty members will be expected to visit schools in each of these counties and confer at least with the county superintendents and a few of the teachers.

St. Louis Visitor Here.

Mrs. Mary Showers of St. Louis arrived in Maryville last night and will visit until tomorrow the guest of Mrs. R. M. Black. Mrs. Showers is department inspector of the W. R. C. and is en route to Brookfield to attend a convention.

Miss May Davis and Misses Hazel and Martha McComb, teachers in the schools of the Wilcox district, left this morning for St. Joseph to attend the teachers' association.

IMPROVE NORMAL GROUNDS

State Prepares Flower Beds, Shrubbery and Trees Under Auspices of Expert.

The improvements of the grounds at the State Normal school under the direction of J. R. Brink, is in progress this week. The work was outlined and the ground platted last week by Horace F. Major of Columbia, professor of landscape gardening and superintendent of grounds at the University of Missouri. His suggestions will be carried out in detail by Mr. Brink and his corps of five or six assistants.

One of the improvements will consist of a border of shrubbery six feet wide, which will extend entirely around the Normal building. It will be planted directly against the walls of the structure. Various varieties of trees also will be set out over the grounds to the west and north of the building and flower beds probably provided for this fall.

A new cement walk a short distance west of the Normal building, also is being completed this week. It too will add to the appearance and convenience at the grounds. Mr. Brink expects to complete the improvements before cold weather begins.

FIRST SHOW A GOOD ONE

Sarah Padden in "The Little Shepherd of Bargain Row" Pleases Audience.

A well pleased crowd, one that emerged with a slightly different expression, with just a tinge of thoughtfulness and thought, not usual in the exciting theater crowds, passed from the Empire theater last night after seeing Sarah Padden in "The Little Shepherd of Bargain Row." It was the first show of the season for Maryville, and that naturally made it more interesting perhaps.

The Maryville folks who saw Sarah Padden last year, all of whom were so well satisfied with her heart stirring acting, went again last night to see her in the same role—the one she always plays so well. Her support also was good, in fact there were few if any weak places in the make-up.

The scenery, while not elaborate, was harmonious and fitted well into the setting of the play—that of a home in the first two acts and a jewelry store office in the closing one.

The next show will be November 17, when the comedy "Don't Lie to Your Wife" stops off for a night at the Empire.

Henry Lincoln of near Pickering was in Maryville yesterday on business.

Colonel Roosevelt may or may not have discovered the River of Doubt, but there is convincing evidence that he has located Salt river.

October exports reached the high total of $200,000,000. That's about the place where our business fright over the war should take wings and disappear.

German newspapers are reported to be making dire threats as to what will happen to Japan and Italy at some future time for their conduct in the present European struggle. It is probable that the same feeling of future vengeance is being stored in the breasts of the other nations at war against those who have forsaken them. All of which does not seem to encourage the fine optimism indulged by Dr. Bartholdt, Secretary Bryan and others for universal peace during the present generation.

HAVEN'T HEARD OF MARYVILLE?

The Moberly Monitor, in an editorial this week, undertakes to prove that Moberly is "the best business point in North Missouri" by a comparison of the resources of the several banks of a number of cities "of her class" in north Missouri, including Mexico, Chillicothe and Columbia, with the following results:

Total resources in Mexico	$ 902,981.55
Total resources in Chillicothe	1,752,746.78
Total resources in Columbia	1,338,156.15
Total resources in Moberly	2,637,671.35

This makes a most excellent showing for the growing and excellent town of Moberly. That Maryville was not included in the list of cities in her class was probably due to the fact that the population of Maryville does not reach near to the population of any of the above mentioned towns. However, as this is a business comparison, we are going to add to the list for comparison the figures taken from the bank statements of business October 31, the same date for which the above are given, the resources of the four banks of the little city of Maryville, which follow.

First National and Gilliam-Jackson Trust Co.	$ 944,220.73
Farmers Trust Co.	870,950.04
Nodaway Valley bank	535,064.83
Real Estate bank	248,803.16
Total resources	$2,599,038.76

Thus it will be seen that while Maryville has considerably less than half the population of either Moberly or Columbia, her total bank resources are only $38,632.59 less than Moberly and they are nearly double those of Columbia, if the figures given as to that city are correct. We are inclined to think the Monitor has overlooked some thing there. However, according to the Monitor's own argument that the banking resources of a town form a true and correct business rating, we find that, according to population, Maryville is by far the best business town in north Missouri, and, in fact, stands in a class by herself.

There's a quaint and pretty Indian superstition that those who are photographed lose something of their personality--that this personality becomes a part of the picture.

Be this superstition or be it sentiment the idea bears both truth and charm. For a picture means something, is personal, gives the homely touch of friendship—especially at Christmas time.

BEST LAXATIVE FOR BOWELS—"CASCARETS"

They Clean Liver; Sweeten Stomach; End Sick Headache, Bad Breath, Indigestion, Constipation.

Get a 10-cent box.

Are you keeping your bowels, liver, and stomach clean, pure and fresh with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills, castor oil or purgative waters?

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have headache, biliousness, coated tongue, indigestion, sour stomach or constipated bowels. Cascarets belong in every household. Children just love to take them.

Missionary Societies May Federate.

The plan of federating the Women's Missionary societies of this city has been discussed recently, Mrs. Henry Wright making a splendid talk on the subject at a banquet given last week for the C. W. B. In many places, particularly in the larger cities, the societies are federated, and this assemblying of all workers has accomplished what an individual society could not. The federation is composed of representatives of missionary societies of all denominations, and is known as the Women's Federation of Christian Missionary workers. Since the subject was first publicly discussed in Maryville a number of the members have taken it under consideration, and it is possible will start a movement for federating the local organizations.

Use Parisian Sage—It Makes Your Hair Soft and Fluffy, Surely Stops Itching Head.

When your hair is losing color, too dry, brittle, thin, or the scalp itches, you should immediately begin the use of Parisian Sage. The first application removes all dandruff, invigorates the scalp, and beautifies your hair until it is gloriously radiant.

Parisian Sage supplies all hair needs and contains the exact elements needed to make your hair soft, wavy, glossy, and to make it grow long, thick and beautiful. It is delicately perfumed—not expensive, and can be had from T. J. Parle, or any drug counter.

Parisian Sage acts instantly—one application stops the head from itching and freshens up the hair. You will be delighted with this helpful toilet necessity, for nothing else is so good for your hair, or so quickly gives it that enviable charm and fascination.

TIE VOTE IN IDAHO

One Progressive May Hold Balance of Power In Legislature.

Boise, Ida., Nov. 12.—Whether the Republicans will control the Idaho house of representatives, or the one Progressive member will hold the balance of power, is to be decided by lot when the state canvassing board meets Nov. 24. In Latah county the Republican and Democratic candidates for representative each received 1,945 votes. The state law provides that tie votes shall be decided by the casting of lots.

If the Republicans gain the Latah county member they will have thirty-one members to twenty-eight Democrats and one Progressive. If, however, the seat goes to the Democratic candidate, the Republicans will have thirty members and the Democrats twenty-nine, giving the lone progressive the balance of power in the shaping of legislation.

TAKES OFF DANDRUFF HAIR STOPS FALLING.

Girls! Try This! Makes Hair Thick, Glossy, Fluffy, Beautiful—No More Itching Scalp.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

toe. Quit punishing your feet by using toe-eating salves and ointments. To use knives, files, scissors and razors, slicing and hacking at a corn, only make it grow faster and bigger. It also brings danger of bleeding and blood poison. The new way, the new principle never known before in corn-history, is "GETS-IT." It's a liquid—2 drops on a corn does the work. Pain goes, the corn begins to shrivel and out it comes! You apply it in two seconds. Nothing to stick, nothing to hurt, and it never fails.
